

Bob Avakian

THE NEW COMMUNISM

The science, the strategy, the leadership
for an actual revolution,
and a radically new society
on the road to real emancipation

Emancipate Humanity!

This book is a masterwork and a master class—it is a living laboratory of the new synthesis of communism developed by Bob Avakian. It is also striking in its ability to combine high level revolutionary communist theory and modeling of revolutionary leadership with a visceral, colloquial and passionate style that will resonate with and be accessible to a wide variety of readers.

This thought-provoking book is sure to challenge stereotypes and conventional thinking.
